

## 2020 EFNEP IN HILLSBOROUGH COUNTY BY THE NUMBERS

The Expanded Food and Nutrition Program is designed to assist limited resource families in acquiring the knowledge, skills, attitudes, and changed behaviors necessary for nutritionally sound diets. Since 1969, the University of Florida's EFNEP has worked in local communities to teach participants skills and strategies to stretch their food dollars, eat nutritious meals, and improve their overall health.

improved food security

### THE EFNEP SOLUTION

#### HELP

families with low income improve their health through a series of interactive lessons to improve food and physical activity behaviors.

#### COLLABORATE

with community partners to support an improved food and physical activity for low-income populations and work to meet new needs related to COVID-19.

#### CONTRIBUTE

to the reduction of health disparities associated with those who have limited financial resources.
